To whom it may concern:

I'm writing this letter to express our satisfaction with Audio Visions South and especially David Liu. We had met with several other companies and we felt that either they could not meet our expectations or they were not listening to what we wanted and were trying to "sell" us much more than we wanted.

From our first visit and meeting with David Liu, we found someone who listened carefully then presented us with different options and explained why he chose each and which one he felt would be best for us.

The installation went very smoothly and was done in a timely manner. Any questions and/or problems we've had since have been dealt with quickly and professionally.

Since the installation has been completed David has come back to the house to answer any questions that might have come up since the installation was completed.

We will continue to recommend Audio Visions South and especially David Liu.

Sincerely,

Douglas and Betty Conner
