Mr. Wilson:

I am happy to report Wilson Audio stepped up to the plate and hit a homerun. After a number of amp modules, a new driver and control module, my Watch Dog Subwoofer seems to be fixed. A big plus is I believe the sound quality is significantly better. Trent was very helpful in the diagnostics and problem determination.

It is a pleasure to find a company that stands behind its products as you do. I also have to give Audio Visions South a lot of credit for being the intermediary in this process. Having dealers like Audio Visions South in Tampa Florida, I'm sure, makes your jobs quite a bit easier. Their team approach has been fantastic. Kudos go to: Steve Chris, Dave, Rich, and of course George.

In the near future I hope I will be able to upgrade my Wilson Maxx speakers to Series 2.

I hope you, your family and employees have a Happy Holidays.

Thank you,
