

# Phone Solutions, Inc.

To Whom it may concern,

This letter is written to express my total satisfaction with Audio Visions South. All too often in today's business world, mediocre service and integrity seem to be the norm. Not with Audio Visions South. I have worked with the entire staff at Audio Visions South and have experienced nothing other than top notch service and advice. When planning for my new sound room, or designing and setting up my two channel system from the ground up I always feel comfortable with the input from the staff at Audio Visions South.

I would strongly recommend Audio Visions South to anybody that is in need of a high quality Theater or Audio system and a reliable partner to install and service them.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jim Guess', with a long horizontal line extending to the right.

Jim Guess  
President
