Dear Chris,

I wanted to take the time to express how pleased we are with our most recent home entertainment system installation. Our new home theater system has the best picture and sound quality we have ever experienced. We also have access to music anywhere in the house, including our pool and outdoor area. The new Crestron control system makes entertaining or relaxing by the pool a breeze. Your company's service and responsiveness has been excellent. We have been working with Audio Visions South now for over 10 years and will continue to use and recommend your company to anyone interested in high quality performance and service.

Sincerely,
