David N. Liu  
Director of Sales  
Audio Visions South  
3655 Henderson Boulevard  
Tampa, Fl 33609

Dear David:

After enjoying our sound system for almost two years we just wanted to drop you a note to tell you how lucky we think we are to have found you.

When we were in the planning stages of designing our sound system here at the Bellamy we spoke with a number of companies before choosing Audio Visions South. Of the companies that we did meet with they were certainly not as professional and seemed more interested in selling us a lot of product than listening to the needs for our life style.

In working with your team everything seemed so simple. From our many discussions about equipment options, cost, ideas that would work best in our home, installation, and above all what we could expect from your customer service department we were ready to move forward.

Our many thanks to you and your team and please know in the future when our needs call for other equipment our choice will once again be Audio Visions South.

Sincerely,

Micky and Michael Pickering
